Lighting Cross Talk is an informal round table discussion between manufacturers and specifiers regarding key issues facing the lighting industry. Many participants have casually termed Cross Talk as “speed dating” for manufacturers and specifiers because of the interactive, fast-paced nature of the sessions.

The most prestigious awards program in lighting design. Well-rounded educational conferences for the entire industry. The support and professional growth of lighting designers just beginning their careers. The global community of light we build through our regions and chapters around the world.

These are the kinds of programs that the IALD wants your involvement in. With more than 1,200 lighting designers around the world, we strive to set the global standard for lighting design excellence by promoting the advancement and recognition of professional lighting designers.

Consider a sponsorship of one or more of these programs and help to spread the Power of Light.
During its 33 years, the IALD Education Trust Awards Dinner has proven that one night of generosity can bring a year of lighting education to students and educators worldwide.

The dinner is critical for the continued support of students, educators and academic programs in architectural lighting design around the world; it alone raises anywhere from 70% – 90% of the IALD Education Trust’s annual budget.

Join us in ensuring another successful year of funding for lighting design education by becoming a sponsor of the 2016 IALD Education Trust Benefit Dinner + 33rd Annual IALD International Lighting Design Awards.

Over the past five years, the Lighting Industry Resource Council (LIRC) has facilitated the Emerging Lighting Design Professionals Initiative, sending more than 165 architectural lighting designers within their first five years of on-the-job practice to IALD Enlighten conferences around the world.

Connect with the next wave of lighting designers: contribute in increments of $2,550 USD/€2,070* to enable the participation of three emerging designers at IALD Enlighten Americas or IALD Enlighten Europe in 2016.

HOW DOES IT WORK?
Once the IALD receives your funding, the funds will be allocated to the emerging lighting designer applicant(s) to allow them to attend the 2016 IALD Enlighten conference of their choice.

Thanks to your support, each Emerging Lighting Designer attending will receive:
• One full conference registration
• An allowance to offset travel expenses
• One ticket to the Emerging Lighting Design Professionals reception
• Recognition at the conference they attend as an Emerging Lighting Design Professional

WHAT DO I GET?
For your support of the initiative, you will:
• Enable the participation of Emerging Lighting Design Professionals at IALD Enlighten Americas 2016 in Puerto Vallarta, Mexico, or at IALD Enlighten Europe 2016 in Prague, Czech Republic
• Receive on-site recognition on signage and in rotating slides at the IALD Enlighten conferences for your level of support
• Receive one ticket per designer sponsored to the invitation-only Emerging Lighting Design Professionals Networking Reception, allowing you to mix and mingle with all of the emerging designers supported by this initiative. For example, if you sponsor three (3) designers at Enlighten Europe you will receive three (3) tickets to the reception in Prague. If you sponsor one (1) designer at Enlighten Europe and two (2) at Enlighten Americas, you will receive one (1) ticket to the reception in Prague and two (2) tickets to the reception in Puerto Vallarta.

*Euro (€) pricing includes 21% VAT. Supporters of the Emerging Lighting Design Professionals Initiative for the Enlighten Europe 2016 conference may also elect to support up to two (2) lighting designers for €1,380 or one (1) lighting designer for €690.
