LIRC AT LIGHTFAIR INTERNATIONAL 2018

The Lighting Industry Resource Council (LIRC) is a member group of the International Association of Lighting Designers (IALD) comprised of lighting equipment and component manufacturer companies, as well as developers of lighting software and luminaire testing laboratories.

While on the trade show floor at LIGHTFAIR International, be sure to visit the following LIRC member companies, who through their membership demonstrate their dedication to lighting design.

Visit www.iald.org/council to learn more.
